

The Need/Problem

USAT was looking for a long term provider of cashless payment solutions utilizing NFC technology. USAT was using solutions from various suppliers which caused issues with customer service, installation, parts and packaging. They were looking for a partner who could provide a solution according to their specifications, at a fair price, proven reliability, quality manufacturing and able to meet critical delivery schedules. An important consideration was a partner who was successful in its market, and had a strong R & D commitment to keep up with emerging technologies.

General Information about USA TECHNOLOGIES

USA Technologies (“USAT”) is a leader of wireless, cashless payment and M2M telemetry flagship service platform, a PCI-compliant, end-to-end suite of cashless payment and telemetry services specially tailored to fit the needs of small ticket, self-service retailing industries. USA Technologies also provides a broad line of cashless acceptance technologies including its NFC- ready ePort G-series, and has agreements with Verizon, Visa, Chase Paymentech and customers such as Compass and others

Solution provided by oti \ distributor

oti provides NFC unattended POS bezels for vending machines, laundry's, car washes, kiosks, parking and payment kiosks. The SATURN 6500 was the first product oti designed specifically for the unattended payment segment.

ePort[®]

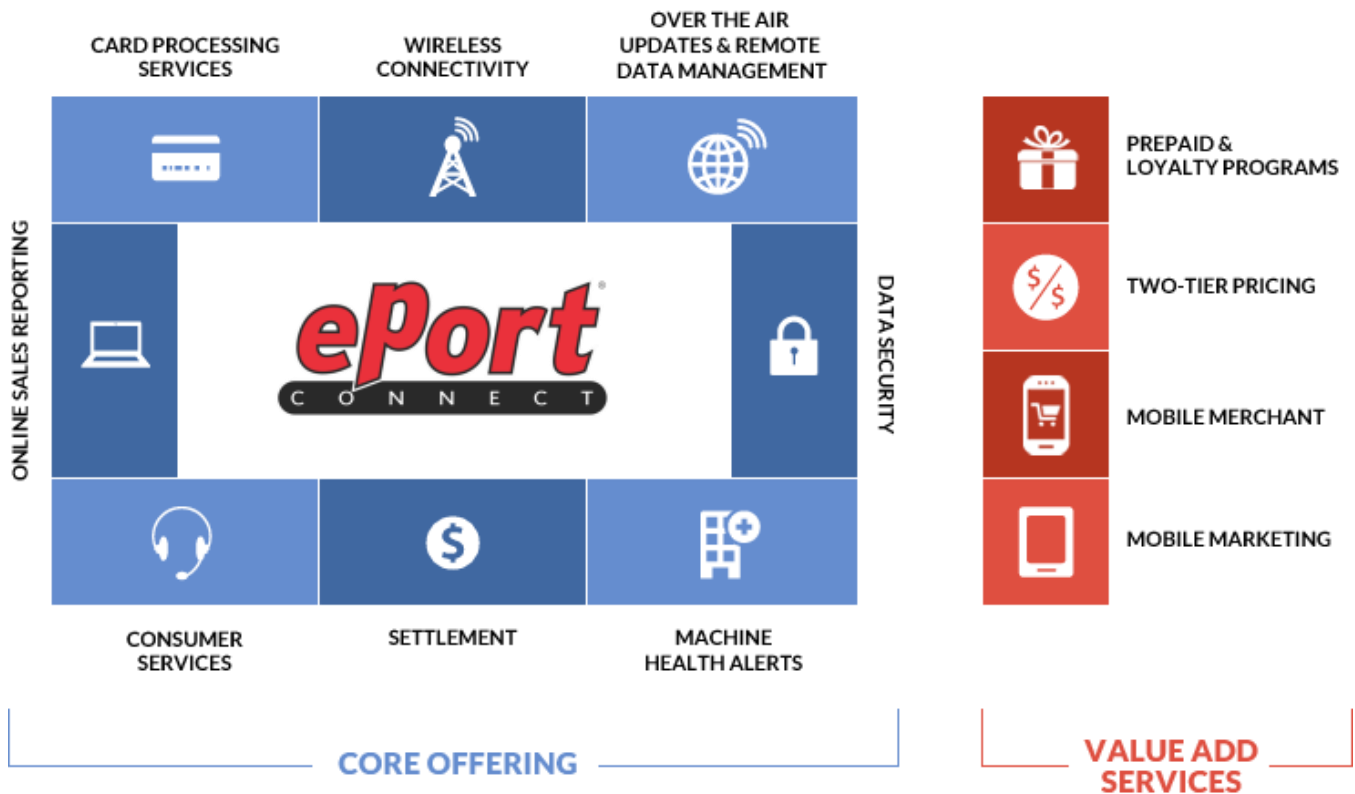

oti SATURN 6500 adapted to USAT ePort G9 solution

oti Customized the SATURN 6500 according to USAT requirements and supported USAT with the integration of the reader to their system and with its payment certification.

The ending results / conclusion:

USAT has been a customer of oti's since 2006 when NFC was just being introduced to the US market. In 2014 with the introduction of Apple Pay and later on of Android Pay, the business relationship with USAT grew substantially with increase demand for the oti readers. Today USAT has deployed more than 200,000 contactless unattended readers. USAT & oti continue to collaborate jointly on new product development while focusing in giving the end users the best customer experience.

USAT ePort CONNECT system with oti SATURN 6500 cashless reader
